

**REMARKS/ARGUMENTS**

Claims 1-20 are pending. Claim 15 has been amended.

In a final Office action mailed July 12, 2006, it was noted that claim 3 recited allowable subject matter.

In the after final amendment mailed September 11, 2006, the undersigned wrote that each of the independent claims was amended to include the allowable subject matter.

In the advisory action mailed September 29, 2006, the examiner allowed all but claims 15-17. The examiner correctly noted that independent claim 15 did not incorporate the same allowable subject matter as incorporated in the other independent claims.

This oversight in claim 15 was inadvertent and due to an unintentional error made during the preparation of the after final response. As noted above, the undersigned intended that all independent claims be amended to recite the allowable subject matter.

The undersigned respectfully requests reconsideration of the claims in view of further amended claim 15. This amendment is believed to place the application in condition for allowance, and an action to that end is earnestly requested.

Respectfully submitted,

George B. F. Yee
